

## **Manifesto**

### **Bandung Creative Society**

#### ***Creativity is Intelligence Having Fun..!***

We live in an era where creativity is no longer merely art, but the language of human progress. An era where research is not just academic, but the foundation for transformation. An era where young people are not simply successors, but the creators of the future.

Bandung Creative Society exists for one purpose: **To turn potential into achievement, and achievement into impact.**

#### **VISION**

We nurture talents in a world where creativity drives innovation, research guides progress, and education opens opportunities for all. Bandung is the home of this movement, its initiation begins here, but its impact is meant for the world.

#### **PURPOSE**

BCS is more than an event organizer. We are a *creative & research empowerment movement* that bridges:

1. ideas with action,
2. talent with opportunity,
3. the local with the global.

We stand with thinkers, researchers, innovators, and creators—those who believe that the future is built by the courage to create.

#### **MISSION**

##### **1. Advanced Creative Education**

We transform education into an inspiring experience, powered by creativity, research, and cross-disciplinary collaboration.

##### **2. Celebrating Talent Achievement**

Achievement deserves to be honored. We showcase journeys, innovations, and breakthroughs born from dedication and curiosity.

##### **3. Empowering Young Talent**

We create platforms that build courage, capacity, and competence among youth—through competitions, workshops, and collaborative spaces.

#### **4. Strengthening the Research Culture**

Research is the language of progress. Through programs such as ISTE, IRCYS, and global networks, we open pathways to international academic and scientific platforms.

### **VALUES**

#### **1. Creative Intelligence**

Creativity + Research = Innovation that is relevant and impactful.

#### **2. Collaborative Power**

We believe in the strength of networks across communities, institutions, generations, and nations.

#### **3. Integrity & Responsibility**

Trust is the foundation of every step. Achievement must arise from honest and responsible processes.

#### **4. Inclusive Opportunity**

Everyone, regardless of background, deserves space to grow, learn, and excel.

#### **5. Sustainable Impact**

Innovation must serve society and the future.

### **WHAT WE DO**

#### **1. Platforms & Events**

Conferences, research competitions, achievement festivals, creative workshops, designed to build capacity and exposure for young talents.

#### **2. Research Competitions**

BCS is the driving force behind international research programs such as **ISTEC** and **IRCYS**, opening doors for young researchers to step onto the global stage.

#### **3. Research & Development**

We develop creative-educational methodologies and collaborate with academia, industry, and global institutions to accelerate innovation.

#### **4. Community Empowerment**

We nurture a community of creators, researchers, mentors, and educators who strengthen one another in a sustainable ecosystem.

#### **OUR COMMITMENT TO BANDUNG AND THE WORLD**

Bandung is a city of creativity and courage. BCS carries that spirit to the world, and brings global opportunities back to Bandung.

We position Bandung as a global movement hub where creativity, research, and achievement converge to generate meaningful innovation.

#### **A CALL FOR THE FUTURE**

This is a call for dreamers, researchers, innovators, and creators. For those who seek to learn, to achieve, and to make an impact. For those who believe that creativity and research can change the world.

Let us build a future where:

4. creativity has no limits,
5. research is valued,
6. achievement becomes a culture.

#### **Bandung Creative Society**

#### **Where Ideas Become Achievement**
